STUDY  **bed**
...expanding your living space

It's a large desk

Keep all your equipment in place and switched on...

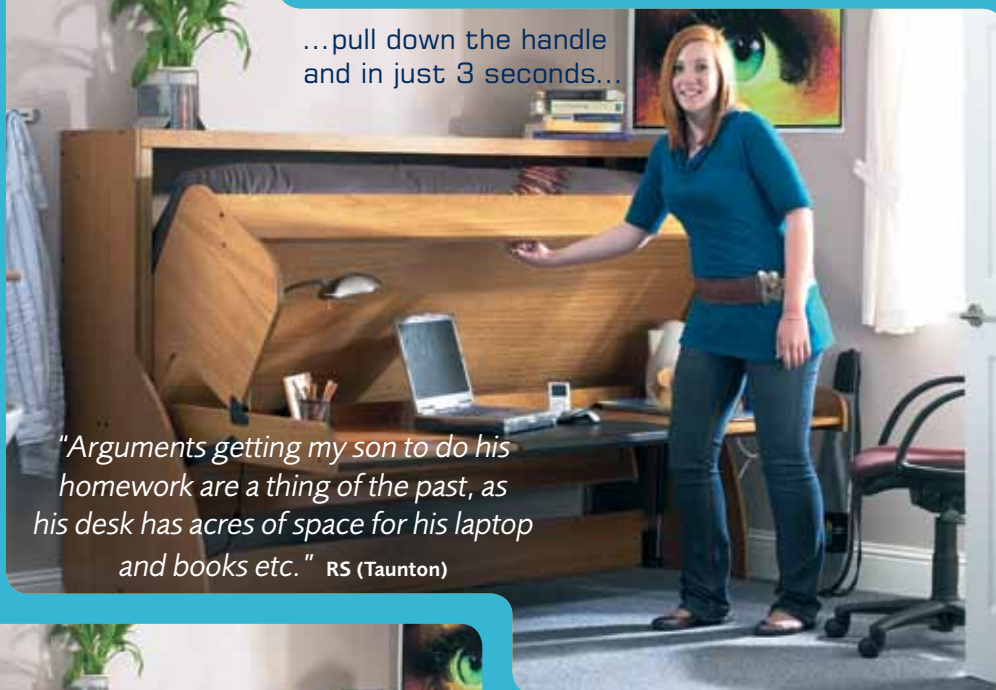

Hi! I'm Ben Berry, the owner of The StudyBed Company. I hope this brochure gives you a clear idea of the concept of StudyBed and just what a transformation it can make within your home. **A visit to our website with its video demonstrations and up to the minute information on new products and available finishes is also definitely recommended.** We look forward to your call to discuss your project and individual requirements, and a warm welcome always awaits you at our showroom in Oxfordshire.

We do not simply just supply a piece of furniture, we offer a great service.

Dimensions

Please measure your room carefully, allowing for such things as door openings, radiator position and skirting boards. Please also bear in mind that an additional 10cm approximately may be required width-wise for assembly purposes.

It is possible to reduce the overall width, (at extra cost) although this requires fitting a shorter mattress, which we can provide. Desk depths can also be reduced or enlarged (at extra cost) by 5cm, which will impact on the overall desk projection (C) by the same amount. Under bed heights can also be raised if required. If in any doubt, please contact us first to discuss.

Finishes

Real Wood Oak Veneer

StudyBeds are manufactured using the highest quality real wood oak veneers. Our standard finish, we call, **Light Oak**.

Alternatively, the oak can be stained or painted in the colour or shade of your choice.

We can even match any sample you provide!

The cost for this bespoke service is an additional 10%

"The quality and particularly, the grain figuring are first class and we couldn't have wanted for better"

BS (Cambs)

Painted finishes

We also offer a **bespoke painted service** whereby StudyBeds can be finished in the colour or colour combination of your choice. This can be from any household or industrial range, or we can even match any sample you provide. There is a useful tool on our website that allows you to change colours to help see what your painted StudyBed might look like.

The choice of colours is endless.

Painting the oak, leaves the grain pleasingly visible with a slightly textured feel, but if you prefer the flatter smoothness of plain mdf, this is also an option.

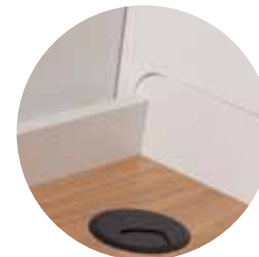

The cost for this bespoke service is an additional 10%

Top Boxes £325 + Vat (**£390**)

These are a very popular accessory as they really do optimise all available space and tend to enhance the fitted look of a StudyBed. The Top Box stands 60cm high (48cm on Large Double) and the adjustable shelves and cupboarding allow for flexibility and discretion, and there is still further room for more items on top. Soft-closing doors are standard.

"No amount of advertising can do this product justice. It is fantastic, the space we now have is great and the storage top box holds so much that I hardly recognise my son's room any more... it's so tidy, worth every penny!"
CC (Glasgow)

Under desk mobile units £275 + Vat (**£330**)

These useful Mobile Under-desk units wheel away easily to become a bed-side table. They are extremely solid in construction and finished to exactly match your StudyBed. They are available in a range of styles to suit your needs.

SP (Sheffield)

Wardrobes £475 + Vat (**£570**)

We stock a range of wardrobes (60cm/70cm/80cm wide) with hanging, adjustable shelving and soft-closing double doors. These will complement and match your StudyBed and Top Box in terms of height and finish.

"I am thoroughly impressed with the amazing finish of the product and the immensely professional way in which it was delivered and built"

Dr GR (London)

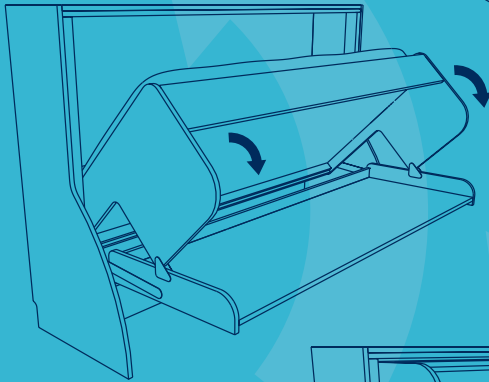

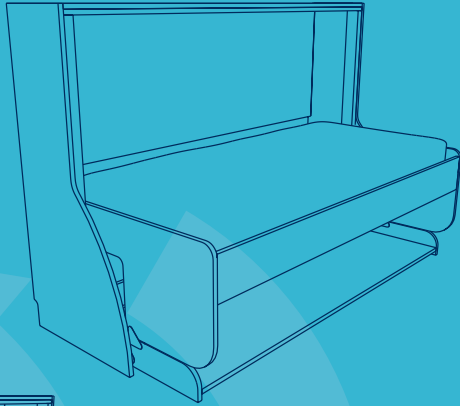

Delivery and installation

StudyBeds of course need to arrive flat-packed in order to get them into their intended room. Self-assembly is certainly possible, but can be quite a challenging experience. We have our own dedicated team of assemblers who travel round the country delivering and installing StudyBeds; (much subsidised) charges start at £160 + Vat depending on locality. Please call for a quote.

"As for the StudyBed company, the service I received was first class. Ordering was smooth and you answered all my questions Ben. I was kept fully informed regarding delivery, and the guys setting it up, Steve and John, were brilliant" PJ (Wales)
